and profession in the city. No attempt at permanent

organization was suggested, neither was the name of

any person announced for any office hereafter to be

by the entire membership reported by the ten can-

vassers at a public meeting to be announced for early

next week at the Court House. Hon. W. B. Smith

being present was asked to act as the chairman of the

meeting Monday night and to select from those present

this soliciting committee, and he named the following:

solicit members. It shall be the endeavor if each

committeeman to personally see every man in his ter-

ritory and ask him to align himself with this organiza-

tion for the progress and upbuilding of our city.

Thus every citizen will be given equal opportunity to

show his interest in the success of a movement pat-

terned after other similar commercial organizations of

our wide-awake neighboring towns that have taken on

new life and bid fair to outstrip us in all material

things unless we wake up and join the procession. It

is along this line that Rev. Hugh McLellan spoke Sun-

A Test Will Tell

You who are waiting—we ask you again to try Liquozone; to try it at our expense. You'll regret this delay when you learn what the product means to you.

Do as millions have done—stop doubting; give Liquozone a test. Then judge it by results. Germ diseases—and there are scores of them—call for a germicide.

Those are the diseases to which Liquozone best applies. Don't cling blindly to old-time remedies, if you don't find them effective. Let us prove the power of the new.

What Liquozone Is.

The virtues of Liquozone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germicide. Contact with Liquozone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquozone is not only harmless, but helpful in the extreme. That is its main distinction. Common germicides are poison when taken internally. That is why medicine has been so helpless in a germ disease. Liquozone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.
